Worksheet 3

Name: _____

Date: _____

Gorillas

Gorillas are large quiet apes that live in Africa. They have long arms and big chests. They have big heads with tiny ears. They have very good senses, including hearing, sight, taste, smell and touch. They are brownish in color and have hands and feet like humans. Male gorillas are much larger than females.

Gorillas are the largest of the ape family. They are shy animals that eat plants. Sometimes, they will eat ants and termites.

Directions: Circle the correct answer for each question.

1. Where do gorillas live?

Europe Asia Africa

2. Gorillas are...

shy mean funny

3. What color are gorillas?

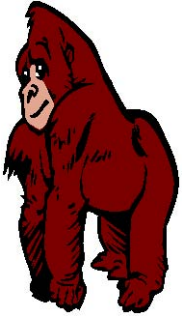

white brown tan

4. What do they mostly eat?

plants anything meat
